

We are hiring!

Windows engineer- junior (m/w/x)

Work alongside experienced engineers supporting enterprise Windows infrastructure while developing expertise in Microsoft technologies, automation, and operational processes.

Key Responsibilities:

- Execute patch, change, and monitoring tasks under the Medior engineer's review
- Build hands-on PowerShell/Terraform skills through paired work
- Join the on-call rotation only after a defined ramp period, initially shadowing the Medior engineer

Required Qualifications & Skills:

- Up to 3 years of hands-on Windows Server/AD experience (internships, junior roles, or strong academic/personal-project experience all count)
- Foundational PowerShell scripting

Apply now by sending us your CV to office@starbyte.com

We welcome applications from all individuals, regardless of origin, disability, gender, or orientation.
We are looking forward to receiving your CV.
