

We are hiring!

Client Management / Intune Engineer (m/w/x)

Take ownership of our Microsoft Endpoint Management environment, managing endpoint security, compliance, application deployment, and modern workplace technologies. You'll lead the Intune function and mentor a Junior Endpoint Engineer while helping drive Configuration-as-Code adoption

Key Responsibilities:

- Intune/Endpoint Manager policy and compliance management, Autopilot/enrollment, application deployment, endpoint security baselines.
- Manage Intune/Microsoft 365 configuration as code using a community Terraform provider
- Lead the ramp-up relationship a specialist Microsoft Intune/Entra managed-service partner and bring the paired Junior along on those Terraform-based configuration-as-code patterns.
- Mentor and review the work of the paired Junior Intune Engineer

Required Qualifications & Skills:

- 5+ years Microsoft Intune/Endpoint Manager administration.
- Entra ID.
- Autopilot.
- PowerShell scripting.
- Comfort mentoring a less experienced engineer.

Apply now by sending us your CV to office@starbyte.com

We welcome applications from all individuals, regardless of origin, disability, gender, or orientation. We are looking forward to receiving your CV.
